In the Matter Of:

HENRY v

BROWN UNIVERSITY, et al,

BECKY MAXSON

November 17, 2023

1 A. I would -- I would need to
2 look through the manual to see which
3 ones -- what is fully covered in the
4 manual.

5 Q. Okay. So sitting here
6 today, you can't remember a single
7 instance of rejecting a recommendation
8 from the 568 manual, right?

9 A. Again, I would need to look
10 at those. We review and make decisions
11 around that on an annual basis.

12 Q. That doesn't answer my
13 question, Ms. Maxson.

14 The question is, sitting
15 here today, can you remember -- you
16 cannot remember a single instance when
17 Cornell rejected a recommendation from
18 the 568 manual; is that correct?

19 A. Again, we reviewed -- we
20 would review it as a best practice and
21 then make an independent decision on
22 whether or not we were going to implement
23 it at Cornell as part of our
24 institutional methodology or not.
